**Laramie, WY**, is known as the Gem City of the Plains, Laramie is a ranching and cultural community that is home to Wyoming's only four-year land-grant research university, the University of Wyoming.

On the Laramie River at the junction of Interstate 80 and US 287, the city rests at 7,200 feet above sea level on the high plains between the Snowy Range to the west and the Laramie Range to the east, making its summers wonderfully mild, but winter storms can affect travel.

At a population of 28,000, Laramie combines a small-town atmosphere with the cultural life of a larger community, and nature lovers and outdoor enthusiasts are drawn to the area for the opportunities for outdoor activities.
